

MUHAMAD SYAHIR ZAKWAN

COMPUTER SCIENCE STUDENT

PERSONAL PROFILE

I'm a Computer Science student from UiTM Pahang, Raub Campus. I love to code because of the challenges and inspiration to build something awesome. A creative person in designing, attention to detail in my work and very passionate about everything I do. Very young in this field, but that is not a problem for me to learn and gain experience to improve my skill and increase my knowledge.
